The terms of the lease were not decided upon. I did not ask him to sign a lease but gave him the privilege of the first chance. Before I did anything in the matter I went to him last Saturday, Mr. Trudeau saying that he had not at that time to him last Saturday, Mr. Trudeau saying that he had not at that time conferred with the Willimantic Gas and Electric company about the cost of lighting the middle store. I then asked him, said Mr. Tryon, "If you can't pay me last month's rent, when do you intend to give me possession of my store?" Willimantic is to have baseball after all this summer, and plans are well under way for the formation of a nine that will be able to give a good account of itself before the season is over. Jack Nichols and M. F. Sullivan, the latter the old leaguer, are at the helm and plan to organize a team of strictly local players and play games with any teams that they can secure dates with, that is, if the nines are fast enough to travel the pace. The players will receive their salaries on the co-operative plan and unless they make good will draw a blue ticket with no ifs or ands.

The reason given by the authorities is that the floor is unsafe and in a weak condition. Nearly six hundred people assumed the reception last year, which was held, as it has been for the past six years, in the Armory hall. The committee of the alumni will of necessity secure another hall for this year. It is expected that a new floor will be laid in the armory before another year. The reception will be held on June 23, preceded by the annual baseball game between the high school and the alumni, at Dayville in the afternoon. Jack Nichols has already made application for admission to the projected league to be formed among nines in towns between Putnam and Webster, but has received no reply. He mailed challenges to the New Londons, Manchesters, Rockville and Middletowns Thursday afternoon for open dates and expressed a desire to arrange a series of games with each of those nines.

Among the men who will be given a try-out are the following: Mike Sullivan and Joe Hamel, catchers: Arthur T. Kelley and Joseph Boyle, pitchers; Casey 1b, Frank McLean ss, Jack Nichols 3b, Mike Driscoil and Shaun Sullivan, outfielders. Others will be given a trial for the other positions of second base and outfielder, and also for positions provisionally filled by the men mentioned above. A meeting will be held this (Friday) evening to further arrange the details for the season, which is hoped to be opened a week from Seturday at home on Windham field.

The nine will be known as the Willimantic baseball club. A good fast team is practically assured and if there aiumni, at Dayville in the afternoon. H. W. Babson arrived here Thursday from his winter home in Florida.
